Step 1 – Register with aggregators

2. Then click on 'Register with aggregators' to start the registration with your existing partners or interesting new ones.

3. Click on 'Register now' and select 'Create it!' to fill in the details and submit the online registration form.

4. When you receive your credentials (the time frame depends on each aggregator) enter them exactly as shown in the email and click on 'Submit'.

Note: before entering your credentials, please click on the link 'document' to read the recommendations on how to enter your credentials and activate the aggregator.

Once you're done, click on 'Search'.
